

## Low Leakage Current Thyristor Surge Suppressors Component P0300SA for Surge Protection

Our Product Introduction

for more products please visit us on [socaydiode.com](http://socaydiode.com)

### Basic Information

- Place of Origin: Shenzhen, Guangdong, China
- Brand Name: SOCAY
- Certification: REACH,RoHS,ISO
- Model Number: P0300SA
- Minimum Order Quantity: 2500PCS/REEL

### Product Specification

- Item: TSS DIODES
- Maximum Leakage Current: Less Than 5 $\mu$ A
- Tss Name: Thyristor Surge Suppressors (TSS)
- Package Size: DO-214AA/SMB
- Component: Thyristor Surge Suppressors
- Description: Thyristor Surge Suppressors (TSS)
- Highlight: **Surge Protection Thyristor Surge Suppressors , Low Leakage Current Thyristor Surge Suppressors , P0300SA Thyristor Surge Suppressors**

## Product Description

### Product Description:

TSS diodes are packaged in a DO-214AA/SMB package size, making them easy to install and integrate into existing electrical systems. These small form factor packages allow for efficient use of space and provide a low profile solution for surge protection. The TSS diodes are designed to provide maximum leakage current of less than 5μA, ensuring that they do not interfere with the normal operation of the electrical system. This low leakage current also helps to extend the life of the TSS diodes, reducing the need for frequent replacements. Thyristor Surge Suppressors are an essential component in surge protection devices, providing critical protection against voltage spikes and overvoltage events. These electrical surge protection devices are designed to be used in a wide range of applications, from industrial control systems to consumer electronics. Whether you are looking for a surge protection solution for your home or business, TSS diodes are an excellent choice. With their compact size, low leakage current, and effective surge protection capabilities, TSS diodes are the perfect choice for all of your surge protection needs.

### Applications:

Our Thyristor Surge Suppressors (TSS) are RoHS, ISO, and REACH certified, ensuring that they meet the highest standards for quality and safety. Our Surge Protection Devices are available in a package size of DO-214AA/SMB, making them easy to install and integrate into your existing systems. With a maximum leakage current of less than 5μA, you can trust that our Surge Protection Devices won't cause any unwanted interference or damage to your electronics. Whether you're looking to protect sensitive equipment in a hospital or laboratory setting, or safeguard your home electronics from power surges caused by lightning strikes or other electrical disturbances, SOCAY's Thyristor Surge Suppressors (TSS) are the perfect solution. Our Surge Protection Devices are available for purchase in minimum order quantities of 2500PCS/REEL, so you can stock up and ensure that you have the protection you need when you need it. Trust SOCAY's Thyristor Surge Suppressors (TSS) for reliable Surge Protection Devices that you can count on in any electrical scenario.

### Customization:

Brand Name: SOCAY  
Model Number: P0300SA  
Place of Origin: Shenzhen, Guangdong, China  
Certification: REACH,RoHS,ISO  
Minimum Order Quantity: 2500PCS/REEL  
Tss Name: Thyristor Surge Suppressors (TSS)  
Description: Thyristor Surge Suppressors (TSS)  
Item: TSS DIODES  
Component: Thyristor Surge Suppressors  
Maximum Leakage Current: Less Than 5μA

Our product customization services offer tailored solutions for your specific needs. We can customize the Thyristor Surge Suppressors to fit your requirements for Ethernet Surge Protection Devices, Electrical Surge Protection Devices, or any other Surge Protection Device needs. Contact us today to discuss your customization options.

### FAQ:

- Q:** What is the brand name of the Thyristor Surge Suppressors?  
**A:** The brand name of the Thyristor Surge Suppressors is SOCAY.  
**Q:** What is the model number of the Thyristor Surge Suppressors?  
**A:** The model number of the Thyristor Surge Suppressors is P0300SA.  
**Q:** Where are the Thyristor Surge Suppressors manufactured?  
**A:** The Thyristor Surge Suppressors are manufactured in Shenzhen, Guangdong, China.  
**Q:** What certifications do the Thyristor Surge Suppressors have?  
**A:** The Thyristor Surge Suppressors are certified with REACH, RoHS, and ISO.  
**Q:** What is the minimum order quantity for the Thyristor Surge Suppressors?  
**A:** The minimum order quantity for the Thyristor Surge Suppressors is 2500PCS/REEL.
